

Healthwatch Cambridgeshire and Peterborough Strategy 2018/19

Purpose

1. This report presents a draft Healthwatch Cambridgeshire and Peterborough Strategy and Work Plan for 2018/19 and seeks comment and discussion from Directors.

Key issues

2. The Strategy covers one year, following the merger of the two Healthwatch in 2017. It sets out the organisation's vision, mission, values, the priorities for the coming year and governance framework.
3. Healthwatch England Quality Statements are included. These describe how we will focus our work to achieve the required outcomes. These Statements have been used as the basis for the Work Plan.
4. Views on the Strategy will be sought from our key stakeholders, including our Commissioner at Peterborough City Council. The finalised Strategy and Work Plan will be presented to the Board at its next meeting for approval.
5. In subsequent years a three year strategy will be developed in full consultation with all stakeholders.

Action required by the Board

6. The Board is asked to:
 - Discuss the draft Strategy and Work Plan
