- 3.2 Deliver a programme of Enter and View visits and maintain a group of trained and DBS checked Authorised Representatives
- 3.3 Develop and deliver project work as indicated by intelligence gathered from local people, with resulting recommendations for change fed through to commissioning and decision-making bodies.

Informing people

A core part of the role of local Healthwatch is to provide advice about local health and social care services to the public.

- 16. Local Healthwatch provides the public with accurate, reliable, relevant and useful information about local services, when they need it, in a format that meets their needs
- 17. Local Healthwatch considers the needs of easily ignored and marginalised groups in the design, focus and delivery of the information and signposting service
- 18. Local Healthwatch has a clear map of signposting services and refers members of the public to appropriate services or to places they can access information and signposting services
- 19. Local Healthwatch provides members of the public with appropriate advice and support if they need to raise a complaint about any part of the health and social care system
- 20. Local Healthwatch systematically uses the intelligence it gathers in its advice and information role to inform its priorities.
- 4.1 Deliver a health and social care Information & Signposting Service that collects experiences as well as directing people to suitable services
- 4.2 Collect data to inform trends of usage and referrals
- 4.3 Maintain relationships with other Information & Signposting Service providers to minimise duplication and ensure easier navigation of the system for local people
- 4.4 Gather intelligence on the implementation of the NHS Accessible Information Standard and feedback to commissioners, regulators and providers.
